

Parents, Get Your Child's Yearly **FLU VACCINE**

Armstrong Elementary School Health Fair

Monday, October 8, 2012

5:00 p.m. - 7:00 p.m.

-  Both flu mist and flu shots will be available.
-  Make sure to bring your child's insurance or Medicaid card with you.

What will it cost?

If your child is covered by Medicaid or does not have any health insurance, he or she is eligible to receive the flu vaccine at no cost to you thanks to the Federal Vaccines for Children (VFC) program. If your child has private health insurance, VaxCare will bill your insurance. If your insurance company does not pay, VaxCare will send you a bill (\$25 for the shot or \$30 for the nasal mist). If you have any questions about insurance coverage, please contact your health insurance company. For more information about the in-school vaccination program, visit http://www.scdhec.gov/health/region2/school_flu.htm.
